Sustainable Tourism in Pyrenean Protected Areas: a real challenge

Sustainable Tourism in Alt Pirineu Natural Park

An 80,000 ha protected area that has reached more than 250,000 visitors/year....

How can we make tourism sustainable, so that it benefits both nature and local economy?

A passport for families

Promoting local products

An "identity" fair

Protected Areas and Ski Resorts

A protected area related with 3 cross-country & 2 Alpine ski resorts...
How can we make compatible the ski activity with nature conservation?

Combined Park/resort products

Protecting Capercaillie critical habitat

A panoramic viewpoint over the natural park

Ecotourism for Conservation & Restoration: the case of Boumort Reserve

Vulture-watching hides

Wilderness "Glamping"

Wildlife guided tours

A protected area resulting from land abandonment, where wildlife is recovering its former role...
How can we use wildlife for local development, so as to promote new restoration initiatives?

Thank you very much!
